Chief, Supply Division, OL

SUBJECT : Analysis of Questionnaire Responses - November 1972
Log Conference

REFERENCE : Memo dtd 6 Dec 72 to D/L fm C/PS/OL, same subject

1. The Planning Staff undertook a very thorough study and analysis of the contents of the questionnaire executed by the attendees at the November 1972 Log Officers Conference. There is attached, for reading only by you and your deputy, the conclusions and recommendations of the study. There are four backup attachments and, for reasons of economy, we have not reproduced and disseminated them. If you would care to read them, they are available for your perusal through .

STAT

2. One of the values of the Planning Staff study is they have produced a minimum number of significant recommendations which, to a greater or lesser degree, are susceptible to implementation. I intend to take positive action toward implementation of all four recommendations.
